

Mrs Andrea Kettle- Class 3 teacher

I completed a BA in Primary education at Manchester Metropolitan University, Cheshire campus in 2011 and went on to teach in two other schools in the Cheshire area. I joined the Gainsborough team in 2014 and I've had the opportunity to teach across both federation schools.

I am dyspraxic and as a child learning wasn't easy. I was supported by some motivational teachers who encouraged my learning. It was this personal experience that encouraged me to be a teacher.

Apart from being Class 3's teacher my other role at GPNS is leading Science. I love to see children develop an enquiring mind and solve problems linking the science curriculum to the wider world around them.

Outside of school, I love spending time with my young family: finding new places to explore. I also love going to the theatre, enjoying musicals and character productions (my favourite being stickman) with my children.

If I think of quotes that encourage me to try and learn it would be:

'Anything can happen if you let it." Mary Poppins

'Climb every mountain, Ford every stream, Follow every rainbow until you find your dream." - The Sound of Music (My favourite film/Musical)
