

GAINSBOROUGH PRIMARY & NURSERY ACADEMY

SUBJECT OVERVIEW: ART & DESIGN

Our Art and Design Curriculum follows the purpose and aims of the National Curriculum in England for Key Stages 1 and 2.

Learning is divided into 4 key strands -with explicit drawing skills taught throughout these strands:

- Painting
- Sculpture
- Mixed Media
- Architecture

Children will learn about Ancient, Modern and Contemporary artists that represent our diverse world and society e.g. artists from different cultures, female artists, LGBTQ+ artists and artists local to Cheshire.

Purpose of study

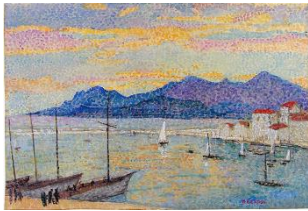

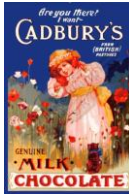

Art, craft and design embody some of the highest forms of human creativity. A high-quality art and design education should engage, inspire and challenge pupils, equipping them with the knowledge and skills to experiment, invent and create their own works of art, craft and design. As pupils progress, they should be able to think critically and develop a more rigorous understanding of art and design. They should also know how art and design both reflect and shape our history, and contribute to the culture, creativity and wealth of our nation.

Aims

The national curriculum for art and design aims to ensure that all pupils:

- produce creative work, exploring their ideas and recording their experiences
- become proficient in drawing, painting, sculpture and other art, craft and design techniques
- evaluate and analyse creative works using the language of art, craft and design
- know about great artists, craft makers and designers, and understand the historical and cultural development of their art forms

<p><u>EYFS Expressive Arts and Design</u></p> <p>ELG: Creating with Materials</p>	<p><u>Key Stage 1</u></p> <p>By the end of each key stage, pupils are expected to know, apply and understand the matters, skills and processes specified in the relevant programme of study.</p>	<p><u>Key Stage 2</u></p> <p>By the end of each key stage, pupils are expected to know, apply and understand the matters, skills and processes specified in the relevant programme of study. Pupils should be taught to develop their techniques, including their control and their use of materials, with creativity, experimentation and an increasing awareness of different kinds of art, craft and design.</p>
<p>Children at the expected level of development will:</p> <ul style="list-style-type: none"> • Safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function. • Share their creations, explaining the process they have used. • Make use of props and materials when role playing characters in narratives and stories. 	<p>Pupils should be taught:</p> <ul style="list-style-type: none"> • to use a range of materials creatively to design and make products • to use drawing, painting and sculpture to develop and share their ideas, experiences and imagination • to develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space • about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work 	<p>Pupils should be taught:</p> <ul style="list-style-type: none"> • to create sketch books to record their observations and use them to review and revisit ideas • to improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials [for example, pencil, charcoal, paint, clay] • about great artists, architects and designers in history

NB EYFS to learn about one artist each across the year alongside programme of work from Development Matters N: Piet Mondrian – focus on primary colours, lines, shapes R: Wassily Kandinsky - painting to music, making different shapes & lines, self-expression, learning about colours & colour mixing
