

Mrs Robinson

I have been part of team Gainsborough for 9 years now and I was previously a pupil, when it was only a junior school, I have created a lot of wonderful memories as both a pupil and a teaching assistant.

My first role at the school was as a one to one with a lovely young boy, who is now in high school. When the opportunity to become a TA presented itself, I took it with both hands as Gainsborough is a lovely place to work at.

When I'm not in school, I love spending time with my family. I especially enjoy going for walks to see the ducks and sharing tea and cake with my daughter and husband.
